IT Support Specialist

We are looking for a talented IT Support Specialist to work on-site with one of our clients.

This position will require you to work in a fast-paced industrial environment where you will be responsible for all things IT. At times, you may face some difficult situations in which you must dig into your experience and find solutions that work. If you are an independent worker who understands how to be productive and thrive on time constraints, this position is for you.

General responsibilities include:

- Basic Networking
- Remote Desktop Setup and Usage
- General PC Repair
- Printer setup and diagnosis

The ideal candidate has:
- A strong command of the English language
- Patience and understanding
- Ability to work through difficult situations
- Ability to work independently
- Ability to manage client expectations
- A proven IT background
- Transportation to Etobicoke on a regular basis
- Transportation to Georgetown on a semi-regular basis

If you have experience with EDI or Novell, these are also very useful assets in this position.

NOTE: Our client is located in Etobicoke. Transportation to their location during regular business hours is essential to being successful in this position.

Salary Range: $40,000 - $50,000 based on experience
